DISCUSSION OF HOW TO BE A GOOD FACILITATOR?

- Facilitator is a person who conducts a training session for participants/group to make something possible or easier to comprehend and implement to achieve the objectives of the program.

Thus, to be a good facilitator, you:

- Need group dynamics (full of energy, enthusiasm and new ideas)
- Listen to others/don't talk too much
- Facilitating skills
- Communication skills
- Clear mission/Objectives according to the situation
- Encourage people to talk or share in participation group of the discussion
