

# Country Report

1. Name : Radanielina Yolande Norolalao  
2. Country : Madagascar  
3. Name of Organization : Orchidee Blanche: White Orchidee

- ◆ 600,000 M.R.persons, in 1 center for 250 places.
- ◆ To defend the moral and material right or person with M.R.
- ◆ To support the family financially and teach them the solidarity.
- ◆ To form group which will provide mutual support and self help to M.R person so that they will not be a burden but a partenary for social economic's development.

The section where I am is in medical part.

Actually, the club is medico-educative but truly, we do not have medical center or medical service where the M.R person will receive adequate medical service yet.

The "Orchidee Blanche" is the one and only club which is taking care and responsible for the M.R children or adults. It started with 30 people and now, has 7 branches with 250 places.

Orchidee Blanche was born by initiative of the parents of the M.R.children, educators, professionals who affronted the trouble with their children with M.R.

- ◆ Let them have integration in the world of work
- ◆ To build their ---- personal autonomy
  - School knowledge
  - pre professional formation
